AA Credit Rating

On 19/10/2022 ICAP A.E. (Credit Rating Agency) proceeded to the award of credit rating **AA** to NOVA CONSTRUCTIONS A.E., classifying it at a low credit risk category.

Grant Thornton - Green Bond

According to the report of an independent auditor of Grant Thornton, the Green Bond Framework of NOVA Constructions, from 21/10/2021, implements best practices and procedures, in harmonization with the principles of issuing Green Bond published by the International Capital Market Association (ICMA) in June 2021.

GREEN Properties balance sheets are audited by PWC chartered accountants.

ESG

At NOVA Constructions, as part of our broader policy to support sustainability and responsible business, we faithfully adopt the ESG (Environmental, Social, Governance) philosophy, operating in full compliance with applicable national and European environmental legislation and demonstrating responsibility us towards the environment, society and corporate governance.

Awards

GREEN Properties was honored with the important Greek Business Champion award, from the awards-institution for the Greek business world, "Protagonistes of the Greek Economy", which was organized for the 8th time on July 2023 by the Direction Business Network.

The awards are based on the official financial data of the companies as they are captured in their financial reports and are presented in detail in the luxurious 10th edition "The Strongest of the Greek Economy" by the Direction Business Network, which was recently released.

GREEN Properties received the official recognition by GOLDEN AWARDS® The Trophy™ in the category "Business Awards" with the following specific awards: «BUSINESS GROWTH AWARD», «CORPORATE SUSTAINABILITY AWARD» and «GREEN INNOVATION AWARD».

The GOLDEN AWARDS® The Trophy™ institution took place as a physical award ceremony at the pool of Politia Tennis in a glamorous atmosphere among top personalities on June 7, 2023. The committee of the institution's esteemed jury panel, operating with the strictest criteria and consisting of international personalities from Greece and England, judged positively our course in the professional and social field and awarded us the official award certificates of the GOLDEN AWARDS® The Trophy™, which enshrines an important milestone, expressed as an exemplary achievement of life. The Trophy is now in our hands and conveys its brilliance, through its gold mirror quality construction, sealing 2023 in a unique way!

The GOLDEN AWARDS® The Trophy™ institution sets conditions such as contribution to culture, sensitivity to the environment, sustainability, vision, ethos, social contribution, reputation, etc.

SUPERBRANDS

GREEN Properties was awarded the Superbrands 2021, in the "Construction - Real Estate Development" field. Superbrands Greece is part of a global institution represented in 91 countries, which evaluates and recognizes the top brands worldwide.

The elements that were evaluated and singled out the participation of GREEN Properties are all those that have "built" a relationship of trust and reliability with the people who have already chosen it for their new home: minimal aesthetics, certified energy efficiency A+, non-negotiable "green" identity and competitive prices.

TUV AUSTRIA EN ISO 45001: 2018

The Company implements a Quality Management System in accordance with the standard EN ISO 9001: 2015 for the Scope "Development and Management of Green Properties".

ISO 9001 (Quality Management System)

Project Nikitara & Kariatidon st., Evosmos

Contemporary residential building of high aesthetics and A+ energy rating located in **Evosmos, in Thessaloniki**.

GREEN Properties expands its activity in **Thessaloniki**, in the area of **Evosmos**, by designing an impressive building that consists of 14 residences which offer their residents a harmonious and calm environment.

The residences are divided into 10 maisonettes with lofts, 3 maisonettes with attics and 1 apartment and there are parking spaces in the area of pilotis for each residence. They have large openings for the natural light to enter the property and for better interaction with the external environment.

The earthy shades, the symmetry and the clean lines dominate the external design of the building and create the sense of serenity. By choosing your new property from **GREEN Properties**, you choose your dream house! You have the ability to design the kitchen and bathrooms according to your personal taste and also choose the materials based on your needs and preferences, and always with the constant support of our in-house team of specialised interior designers.

Neighborhood

Landscapes

Situated in the charming neighborhood of Evosmos, our project enjoys a picturesque setting with green spaces and parks. The nearby scenic views of the Thermaic Gulf and Mount Olympus provide a serene backdrop for daily life.

Entertainment

Evosmos offers a lively atmosphere with a wide range of local entertainment options. Residents can explore the neighborhood's cafes, tavernas, and cultural events. Easy access to Thessaloniki's city center ensures endless opportunities for shopping, dining, and nightlife.

Public Services and Facilities

Our project in Evosmos benefits from an array of public services, including educational institutions, healthcare facilities, and recreational areas. Shopping centers and supermarkets are conveniently located, while public transport links make commuting to Thessaloniki and surrounding areas hassle-free. Evosmos provides a modern and convenient lifestyle for its residents.

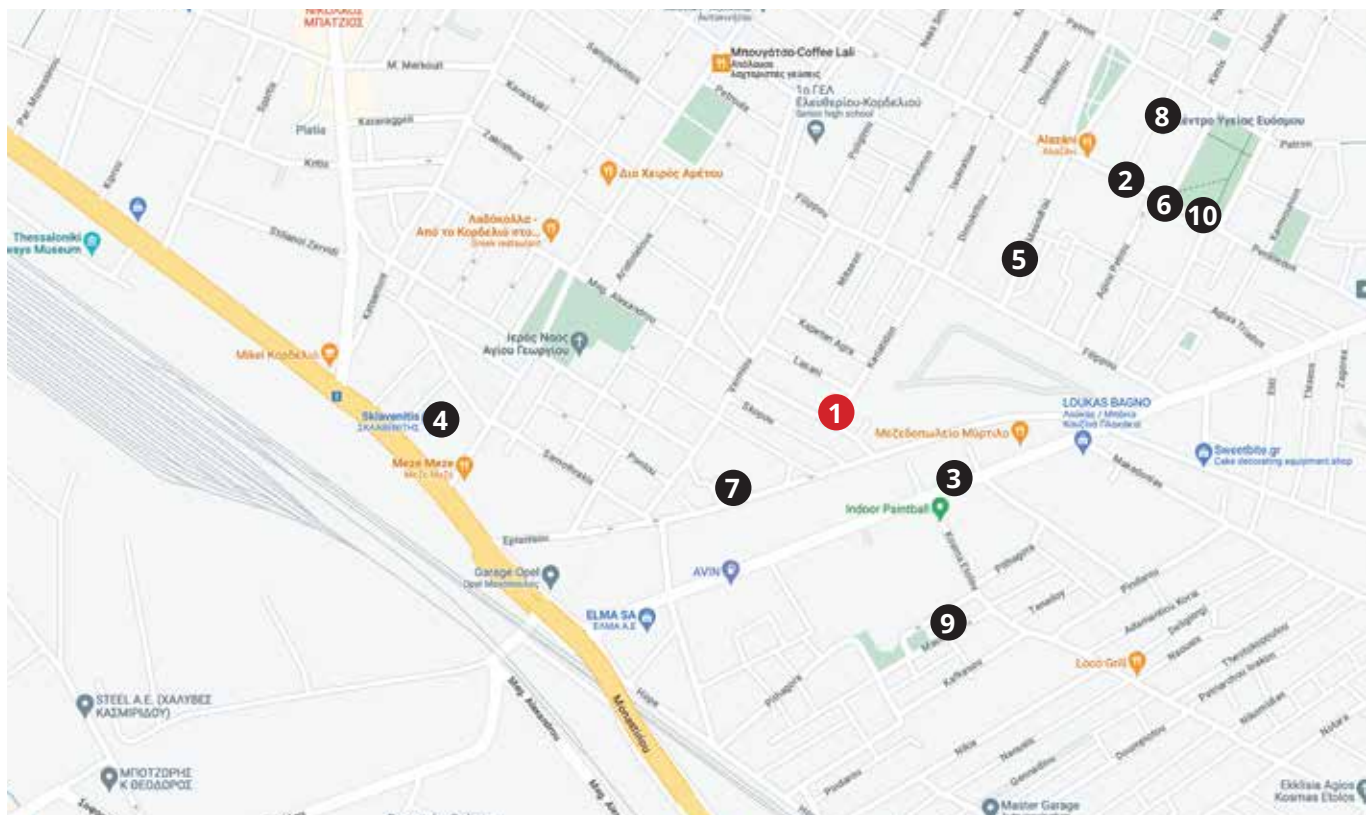

Location

Evosmos is a popular area near the centre of Thessaloniki. It has many stores, coffee shops, restaurants and parks for entertainment and meetings. It also offers a variety of educational institutions, health services and hospitals that can fulfill all the needs of its residents.

It has good transportation, offering easy access in the centre of Thessaloniki and also the surrounding areas. This makes Evosmos the ideal location for everyone that seek easy access to the central spots of Thessaloniki, while at the same time they enjoy the calm and welcoming atmosphere of Evosmos.

Indicative locations and their distance from the property:

1. Your home (Nikitara & Kariatidon)
2. Bank (550m)
3. Pharmacy (210m)
4. Supermarket (500m)
5. 2nd & 18th All-day Elementary Schools of Evosmos (350m)
6. Supermarket (600m)
7. Playground (220m)
8. Health Centre of Evosmos (600m)
9. Pharmacy (230m)
10. Gym (600m)

MINIMAL DESIGN

Minimalist design is about prioritizing the essential: natural light, environmental consciousness, timeless aesthetics, reliability and long term functionality.

TIMELESS AESTHETICS

Timeless aesthetics is about subtle lines, adaptability, and outlasting trends. Design stripped to its core function, realized using limited materials, neutral colors, simple forms, and avoiding extravagances to achieve a pure form of elegance.

Apartment Features

A+ Energy Efficient Buildings

We offer houses rated in energy class A+, equipped with autonomous heating pumps, solar panels, thermal facades, and solar water heaters, for energy savings of up to 70%!

Minimal Design

Minimalist design is about prioritizing the essential. Less frame, endless view, natural light, environmental consciousness, natural colors and timeless aesthetics.

Thermal Facade

10 cm throughout the outer shell of the building.

Photovoltaic Power Generation System

Our apartments are equipped with electricity generation systems offering energy autonomy and maximum economic efficiency.

Latest Technology Lighting

Our buildings are equipped with the latest technology LED lighting, photocells, motion detectors and timers for maximum energy savings.

Large Openings

Our apartments are equipped with large openings to maximize the view and allow plenty of natural light to enter the property.

Parking Facilities

Our buildings feature parking facilities in order to provide cover for the vehicles and protect them from damages.

Project Features

Highly energy - efficient sustainable aluminum systems

Large openings to maximise the view

Latest lighting system

Armored / Fire resistant door

Autonomous cooling - heating pump

Smart home

Property with A+ energy rating

Photovoltaic systems with net metering services

Contemporary property of minimal aesthetics

Solar water heater

Latest technology LED lighting

Fully installed alarm system

Contemporary kitchen - bathroom design

Green Identity

The green philosophy that our company follows, can be found in all our projects. While taking advantage of all the orientations of the properties for natural light, in combination with, the installation of photovoltaics with net metering system for the shared power, the installation of thermal facade throughout the outer shell of the property for the minimization of energy loss and by using energy efficient aluminum frames of high aesthetics, energy economy and reduction of the environmental footprint is achieved.

Smart Home

Experience the ultimate comfort, convenience, and efficiency with Smart Home, allowing you to effortlessly manage all smart devices remotely. Moreover, sustainability takes center stage, as you gain complete control over energy consumption, ensuring a more environmentally-friendly and energy-efficient home.

Step into the future of living with Smart Home, where cutting-edge technology and eco-consciousness combine to offer you a truly extraordinary lifestyle.
