AA Credit Rating

On 19/10/2022 ICAP A.E. (Credit Rating Agency) proceeded to the award of credit rating **AA** to NOVA CONSTRUCTIONS A.E., classifying it at a low credit risk category.

Grant Thornton - Green Bond

According to the report of an independent auditor of Grant Thornton, the Green Bond Framework of NOVA Constructions, from 21/10/2021, implements best practices and procedures, in harmonization with the principles of issuing Green Bond published by the International Capital Market Association (ICMA) in June 2021.

GREEN Properties balance sheets are audited by PWC chartered accountants.

ESG

At NOVA Constructions, as part of our broader policy to support sustainability and responsible business, we faithfully adopt the ESG (Environmental, Social, Governance) philosophy, operating in full compliance with applicable national and European environmental legislation and demonstrating responsibility us towards the environment, society and corporate governance.

Awards

GREEN Properties was honored with the important Greek Business Champion award, from the awards-institution for the Greek business world, "Protagonists of the Greek Economy", which was organized for the 8th time on July 2023 by the Direction Business Network.

The awards are based on the official financial data of the companies as they are captured in their financial reports and are presented in detail in the luxurious 10th edition "The Strongest of the Greek Economy" by the Direction Business Network, which was recently released.

GREEN Properties received the official recognition by GOLDEN AWARDS® The Trophy™ in the category "Business Awards" with the following specific awards: «BUSINESS GROWTH AWARD», «CORPORATE SUSTAINABILITY AWARD» and «GREEN INNOVATION AWARD».

The GOLDEN AWARDS® The Trophy™ institution took place as a physical award ceremony at the pool of Politia Tennis in a glamorous atmosphere among top personalities on June 7, 2023. The committee of the institution's esteemed jury panel, operating with the strictest criteria and consisting of international personalities from Greece and England, judged positively our course in the professional and social field and awarded us the official award certificates of the GOLDEN AWARDS® The Trophy™, which enshrines an important milestone, expressed as an exemplary achievement of life. The Trophy is now in our hands and conveys its brilliance, through its gold mirror quality construction, sealing 2023 in a unique way!

The GOLDEN AWARDS® The Trophy™ institution sets conditions such as contribution to culture, sensitivity to the environment, sustainability, vision, ethos, social contribution, reputation, etc.

SUPERBRANDS

GREEN Properties was awarded the Superbrands 2021, in the "Construction - Real Estate Development" field.

Superbrands Greece is part of a global institution represented in 91 countries, which evaluates and recognizes the top brands worldwide.

The elements that were evaluated and singled out the participation of GREEN Properties are all those that have "built" a relationship of trust and reliability with the people who have already chosen it for their new home: minimal aesthetics, certified energy efficiency A+, non-negotiable "green" identity and competitive prices.

The Company implements a Quality Management System in accordance with the standard EN ISO 9001: 2015 for the Scope "Development and Management of GREEN Properties".
ISO 9001 (Quality Management System)

Project Damokleous St., Gazi

Contemporary residences with A+ energy rating and minimal aesthetics in Gazi. In one of the most popular neighborhoods of Athens, Gazi, very close to the metro station and Keramikos square, we designed a contemporary residential property of high aesthetics.

The property offers the perfect balance between the comforts of the city and a calm living environment, making it the ideal option for anyone that wants to experience the best of both worlds.

It consists of 9 residences with large openings and uninterrupted connection between the internal and external spaces. The pilotis and the underground parking area offer easy access to its residents, while the car lift, used for the access of the cars to the underground parking, further adds to the property. The solar water heater and the photovoltaic systems with net metering services on the rooftop, contribute to its sustainability and energy efficiency. The external design emphasizes on the clean lines and symmetry, while the earthy tones create a warm and welcoming atmosphere. In a quiet impasse street that meets Konstantinoupoleos avenue, this property is a peaceful oasis in the middle of the lively neighborhood of Gazi.

Neighborhood

Landscapes

Gazi, with its industrial-chic aesthetic, has an unmistakable charm. The neighborhood is nestled near the iconic Kerameikos Archaeological Site, offering glimpses into Athens' rich history. The nearby Technopolis, an industrial museum turned cultural center, adds to Gazi's unique landscape, where contemporary and historical elements beautifully coexist.

Entertainment

Gazi is Athens' go-to destination for nightlife and entertainment. The former gasworks district has transformed into a vibrant hub of bars, clubs, and restaurants. Whether you seek a quiet evening at a cozy cafe or a lively night on the dancefloor, Gazi caters to diverse tastes. The area's artistic vibe is further amplified by galleries and cultural events.

Public Services and Facilities

Gazi ensures convenience with excellent public transportation links, making the entire city easily accessible. Modern amenities such as healthcare facilities, schools, and shopping centers are readily available. Additionally, the neighborhood is home to the Gazi Technopolis, a multifunctional cultural venue hosting exhibitions, concerts, and festivals, enriching the community with cultural experiences.

Location

Gazi is known for its atmosphere, night life and entertainment options. It is a centre of music, arts and culture, with many cafés, bars and restaurants to choose from. Living in Gazi means being near the centre of action, with easy access to all the comforts that the city has to offer. The area is well connected to public transport, with Kerameikos Metro station being in a very short distance.

Indicative locations and their distance from the property:

- | | |
|--|--|
| 1. Your Home (5 Damokleous St.) | 7. Archaeological Site of Kerameikos (560m) |
| 2. Agricultural University of Athens (650m) | 8. Pharmacy (450m) |
| 3. Kerameikos Metro station (127m) | 9. Theatre (155m) |
| 4. 87th Elementary School of Athens (350m) | 10. Old Depot OSY (580m) |
| 5. Pharmacy (280m) | 11. Bank (300m) |
| 6. Technopolis (270m) | 12. Supermarket (450m) |

MINIMAL DESIGN

Minimalist design is about prioritizing the essential: natural light, environmental consciousness, timeless aesthetics, reliability and long term functionality.

TIMELESS AESTHETICS

Timeless aesthetics is about subtle lines, adaptability, and outlasting trends. Design stripped to its core function, realized using limited materials, neutral colors, simple forms, and avoiding extravagances to achieve a pure form of elegance.

Apartment Features

A+ Energy Efficient Buildings

We offer apartments rated in energy class A+, equipped with autonomous heating pumps, solar panels, thermal facades, and solar water heaters, for energy savings of up to 70%!

Minimal Design

Minimal design is about prioritizing the essential. Less frame, endless view, natural light, environmental consciousness, natural colors and timeless aesthetics.

Thermal Facade

10 cm throughout the outer shell of the building.

Solar Powered Buildings

Our projects are equipped with solar panels producing electricity to be used on common areas, elevators, parking etc.

Latest Technology Lighting

Our buildings are equipped with the latest technology LED lighting, photocells, motion detectors and timers for maximum energy savings.

Large Openings

Our apartments are equipped with large openings to maximize the view and allow plenty of natural light to enter the property.

Underground Parking Facilities

Our buildings feature underground parking facilities in order to provide cover for the vehicles and protect them from damages.

Project Features

-  Highly energy - efficient sustainable aluminum systems
-  Armored / Fire - resistant door
-  Photovoltaic systems with net metering services
-  Contemporary property of minimal aesthetics
-  Fully installed alarm system
-  Contemporary kitchen - bathroom design
-  Large openings to maximize the view
-  Autonomous cooling - heat pump
-  Latest technology LED lighting
-  Smarthome
-  Latest lighting system
-  Property with A+ energy rating
-  Central Antenna

Green Identity

The green philosophy that our company follows, can be found in all our projects. Energy efficiency is improved, by taking advantage of all property orientations for natural light and installing a photo-voltaic system with net metering for shared power. Additionally, the installation of thermal façade throughout the property's outer shell and the use of energy-efficient aluminum frames contribute to reducing energy loss and minimizing the environmental footprint.

Smart Home

Experience the ultimate comfort, convenience, and efficiency with Smart Home, allowing you to effortlessly manage all smart devices remotely. Moreover, sustainability takes center stage, as you gain complete control over energy consumption, ensuring a more environmentally-friendly and energy-efficient home.

Step into the future of living with Smart Home, where cutting-edge technology and eco-consciousness combine to offer you a truly extraordinary lifestyle.
