ZEN RESIDENCE

Solomou St.

Gerakas

In the heart of Gerakas, at 6 Solomou St., GREEN Properties has designed the Zen Residence, an impressive residential complex of 3 modern apartments and 4 Lofts, featuring spacious and functional living spaces.

Each apartment includes 3 bedrooms, ensuring comfort and privacy for families. The ground-floor residences stand out, as they offer private swimming pools, creating a unique space for relaxation and entertainment.

The complex is situated in a quiet and welcoming environment while also providing convenient access to shops, schools and recreational areas. It offers a modern urban living experience, combining comfort with quality of life in one of the most beautiful areas of Gerakas.

By choosing your new home from GREEN Properties, you are

choosing the home of your dreams! You have the possibility to design the kitchen and bathrooms based on your personal taste, but also to choose the materials based on your needs and preferences, always with the constant support of our specially trained in-house team of decorators.

The green philosophy advocated by our company is applied to all our projects. We take advantage of the orientation of the buildings for natural light and install photovoltaics with a net metering system for the shared electricity. We also apply a thermal facade to the entire external surface of the building to minimize energy losses and use energy-efficient aluminum frames of high aesthetics. These practices not only save energy, but also reduce our environmental footprint.
